

# AURORA

## ABOUT AURORA

---

Aurora is a leading provider of Information Technology Products, Security Services and other Public Sector IT Support Services to SLED Government Agencies. As a California Minority Business Enterprise (MBE), Aurora holds a number of powerful contracting vehicles, including multiple CMAS contracts and certificates to ensure that Government Agencies can acquire Modern IT Solutions & Services in a streamlined and cost-effective manner.

Our dedicated government practice combined with our strong contract management and extensive technical background has enabled us to provide IT equipment and value-added services along with the best qualified sales and technical support at the most competitive prices in the business today.

Aurora maintains numerous State, Local and Federal contracts, which can be used as purchasing vehicles for public and education institutions. All of our current contracts and certifications can be viewed and downloaded at <http://www.aurorait.com/state-local-government/>

Please contact Atif Ansari for more information;
